

DynaPep® Energy Now Available in Romania

August 25, 2011: Boca Raton, FL – DynaPep® Energy, creator of the world’s first Supercharged Energy Micro-shot, is now offering all three flavors (mint, cinnamon and berry) in Romania.

Emerging Products Development Group (**WFI**), CEO Lisa Krinsky stated, “Romania has a wonderful, developing economy, making it a perfect market for DynaPep®’s Micro-Shot. The country has displayed amazing growth and success in the last 15 years and it is an honor to bring our product to the Romanian people. With all 3 flavors now available, we expect a huge impact on our expansion in this region.”

About Romania:

Romania’s constitution was established on December 8, 1991 and is slightly smaller than the state of Wyoming. It is the largest of the Balkan countries, featuring stunning mountain scenery and an expansive Black Sea coastline. With a population of 21.5 million, the country boasts a booming economy. The principal industries are rich agricultural lands, diverse energy sources (coal, oil, natural gas, hydro, and nuclear), and a substantial industrial base encompassing a full range of manufacturing activities. Romania’s capital is Bucharest, a bustling metropolis, known for its wide, tree-lined boulevards, glorious Belle Epoque buildings and reputation for the high life. It is also Romania’s largest city.
